Some of the **greatest** discoveries in science were made by ***accident***.

In case you didn't catch that,

Some of the greatest *discoveries* in science were made by accident.

*Some of the greatest discoveries in science were made by accident.*

**Some of the greatest *discoveries* in science were made by accident.**

The universe is immense and it seems to be homogeneous, in a large scale, everywhere we look.

There's a picture of the moon above

Figure 1: a nice plot

As you can see in the figure 1, the function grows near 0. Also, in the page 4 is the same example.

- The individual entries are indicated with a black dot, a so-called bullet.
  - The text in the entries may be of any length.
1. This is the first entry in our list
  2. The list numbers increase with each entry we add
